MAY, JUNE, JULY, AUGUST
2003

© 2003 Wiley-Liss Inc.

111 River Street
Hoboken, NJ 07030

Contents VOLUME 121 NUMBER 1 MAY 2003

1 **Bayes' Theorem in Paleopathological Diagnosis**
Steven N. Byers and Charlotte A. Roberts
Published online 21 February 2003

10 **Brief Communication: Study of Noncarious Cervical Tooth Lesions in Samples of Prehistoric, Historic, and Modern Populations From the South of France**
M. Aubry, B. Mafart, B. Donat, and J.J. Brau
Published online 21 February 2003

15 **Brief Communication: The Galler Collection: A Little-Known Historic Swiss Bone Pathology Reference Series**
Frank J. Rühli, Gerhard Hotz, and Thomas Böni
Published online 21 February 2003

19 **Growth and Sexual Dimorphism in Orangutan Crania: A Three-Dimensional Approach**
Samantha M. Hens
Published online 21 February 2003

30 **Comparative Morphology of the Pollical Distal Phalanx**
M.M. Shrewsbury, M.W. Marzke, R.L. Linscheid, and S.P. Reece
Published online 21 February 2003

48 **Facial Approximation: An Evaluation of Mouth-Width Determination**
Carl N. Stephan
Published online 21 February 2003

58 **Haplotypes of α-Globin Gene Regulatory Element in Two Brazilian Native Populations**
Daniela M. Ribeiro, Maria S. Figueiredo, Fernando F. Costa, and Maria F. Sonati
Published online 21 February 2003

63 **Brief Communication: Y-Chromosome Haplotypes in Egypt**
G. Lucotte and G. Mercier
Published online 21 February 2003

67 **Evolution of a Pigmentation Gene, the Melanocortin-1 Receptor, in Primates**
N.I. Mundy, and J. Kelly
Published online 21 February 2003

81 **Genetic Variants of Serum Butyrylcholinesterase in Chilean Mapuche Indians**
M. Acuña, L. Eaton, N.R. Ramírez, L. Cifuentes, and E. Llop
Published online 21 February 2003

86 **Spacing System of the Mysore Slender Loris (*Loris lydekkerianus lydekkerianus*)**
K.A.I. Nekaris
Published online 21 February 2003

Contents VOLUME 121 NUMBER 2 JUNE 2003

97 **Mitochondrial DNA From Pre-Columbian Ciboneys From Cuba and the Prehistoric Colonization of the Caribbean**
C. Lalueza-Fox, M.T.P. Gilbert, A.J. Martínez-Fuentes, F. Calafell, and J. Bertranpetit
Published online 13 March 2003

109 ***News and Comments*: Molecular Analyses of the "Pharaos:" Feasibility of Molecular Studies in Ancient Egyptian Material**
Albert Zink and Andreas G. Nerlich
Published online 4 March 2003

112 **Brief Communication: Ancient DNA Prospects From Sri Lankan Highland Dry Caves Support an Emerging Global Pattern**
Floyd A. Reed, Elias J. Kontanis, Kenneth A.R. Kennedy, and Charles F. Aquadro
Published online 21 February 2003

117 **Pre-Columbian Treponemal Disease From 14th Century AD Safed, Israel, and Implications for the Medieval Eastern Mediterranean**
Piers D. Mitchell
Published online 3 March 2003

125 **Food Procurement and Tooth Use in Two Sympatric Lemur Species**
Nayuta Yamashita
Published online 21 February 2003

134 **Longitudinal Study of Tuberculosis Outcomes Among Immunologically Naive Aché Natives of Paraguay**
A. Magdalena Hurtado, Kim R. Hill, Wilhelm Rosenblatt, Jacquelyn Bender, and Tom Scharmen
Published online 28 February 2003

151 **Hopi Indians, "Cultural" Selection, and Albinism**
Philip W. Hedrick
Published online 21 February 2003

157 **Genetic Structure of Mediterranean Populations Revealed by Y-Chromosome Haplotype Analysis**
Lluís Quintana-Murci, Reiner Veitia, Marc Fellous, Ornella Semino, and Estella S. Poloni
Published online 28 February 2003

172 **Lateral Facial Soft-Tissue Prediction Model: Analysis Using Fourier Shape Descriptors and Traditional Cephalometric Methods**
Adam D. Rose, Michael G. Woods, John G. Clement, and C. David L. Thomas
Published online 3 March 2003

181 **Notes and Comments: Kennewick and Luzia: Lessons From the European Upper Paleolithic**
Gerrit N. van Vark, Don Kuizenga, and Frank L'Engle Williams
Published online 4 March 2003

185 **Reply to Van Vark et al.: Is European Upper Paleolithic Cranial Morphology a Useful Analogy for Early Americans?**
Richard L. Jantz and Douglas W. Owsley
Published online 4 March 2003

189 **Book Reviews**
Published online 5 March 2003

Contents VOLUME 121 NUMBER 3 JULY 2003

195 **In Memoriam: Gabriel Ward Lasker (April 29, 1912–August 27, 2002)**
Barry Bogin
Published online 13 March 2003

198 **New Approaches in Hominoid Taxonomy: Morphometrics**
Franck Guy, Michel Brunet, Matthieu Schmittbuhl, and Laurent Viriot
Published online 13 March 2003

219 **Variation in Ancient Egyptian Stature and Body Proportions**
Sonia R. Zakrzewski
Published online 13 March 2003

230 **Understanding Muscle Markers: Aggregation and Construct Validity**
Elizabeth Weiss
Published online 13 March 2003

241 **Characterization of Biological Diversity Through Analysis of Discrete Cranial Traits**
Tsunehiko Hanihara, Hajime Ishida, and Yukio Dodo
Published online 13 March 2003

252 **Effect of Parity on Bone Mineral Density in Female Rhesus Macaques From Cayo Santiago**
Antonietta M. Cerroni, George A. Tomlinson, Jean E. Turnquist, and Marc D. Grynpas
Published online 13 March 2003

270 **Peopling of Three Mediterranean Islands (Corsica, Sardinia, and Sicily) Inferred by Y-Chromosome Biallelic Variability**
P. Francalacci, L. Morelli, P.A. Underhill, A.S. Lillie, G. Passarino, A. Useli, R. Madeddu, G. Paoli, S. Tofanelli, C.M. Calò, M.E. Ghiani, L. Varesi, M. Memmi, G. Vona, A.A. Lin, P. Oefner, and L.L. Cavalli-Sforza
Published online 13 March 2003

280 **The Names of Spain: A Study of the Isonymy Structure of Spain**
A. Rodriguez-Larralde, A. Gonzales-Martin, C. Scapoli, and I. Barrai
Published online 13 March 2003

Contents

VOLUME 121
NUMBER 4

AUGUST 2003

293 **Effects of Rowing on Humeral Strength**
Elizabeth Weiss
Published online 14 March 2003

303 **Beyond Palisades: The Nature and Frequency of Late Prehistoric Deliberate Violent Trauma in the Chickamauga Reservoir of East Tennessee**
Maria Ostendorf Smith
Published online 4 April 2003

319 **Cranial Variation in the Marquesas Islands**
Vincent H. Stefan and Patrick M. Chapman
Published online 5 May 2003

332 **Brief Communication: Age and Fractal Dimensions of Human Sagittal and Coronal Sutures**
Niels Lynnerup and Jens Christian Brings Jacobsen
Published online 9 April 2003

337 **Brief Communication: Multiplex X/Y-PCR Improves Sex Identification in aDNA Analysis**
Diane Schmidt, Susanne Hummel, and Bernd Herrmann
Published online 14 March 2003

342 **Ontogenetic Characteristics of the Vomeronasal Organ in *Saguinus geoffroyi* and *Leontopithecus rosalia*, With Comparisons to Other Primates**
Timothy D. Smith, Kunwar P. Bhatnagar, Christopher J. Bonar, Kristin L. Shimp, Mark P. Mooney, and Michael I. Siegel
Published online 14 March 2003

354 **Osteon Remodeling Dynamics in the Cayo Santiago *Macaca mulatta*: The Effect of Matriline**
Lorena M. Havill
Published online 14 March 2003

361 **Mitochondrial DNA Sequence From an Enigmatic Gorilla Population (*Gorilla gorilla uellensis*)**
Michael Hofreiter, Heike Siedel, Wim Van Neer, and Linda Vigilant
Published online 14 March 2003

369 **Asymmetric Regional Cerebral Blood Flow in Sedated Baboons Measured by Positron Emission Tomography (PET)**
Jason A. Kaufman, Jane E. Phillips-Conroy, Kevin J. Black, and Joel S. Perlmutter
Published online 4 April 2003

News and Views

378 **Does Variation in Sample Size Explain Individual Differences in Hand Preferences of Chimpanzees (*Pan troglodytes*)? An Empirical Study and Reply to Palmer (2002)**
William D. Hopkins and Claudio Cantalupo
Published online 14 March 2003

382 **Reply to Hopkins and Cantalupo: Chimpanzee Right-Handedness Reconsidered—Sampling Issues and Data Presentation**
A. Richard Palmer
Published online 14 March 2003

385 **Testing a Method: Paleodemography and Proportional Fitting**
Mary Jackes
Published online 4 March 2003

387 **Reply to Comments by Jackes: Interobserver Error and Goodness-of-Fit Tests in Paleodemography**
Lyle W. Konigsberg and Susan R. Frankenberg
Published online 4 March 2003

389 **Book Reviews**

394 **Index to Volume 121**
